

Montara Water & Sanitary District

Staying Ahead of our Local Community Needs

Montara Water and Sanitary District (MWSD) works every day to deliver water, garbage and sewer services for the residents of Montara and Moss Beach. Over 6,000 residents rely on our services for their homes and businesses.

News for You: Sewer Work Coming Your Way; 2019 Consumer Confidence Report; What to Expect During Construction

Sewer Upgrades Coming Your Way

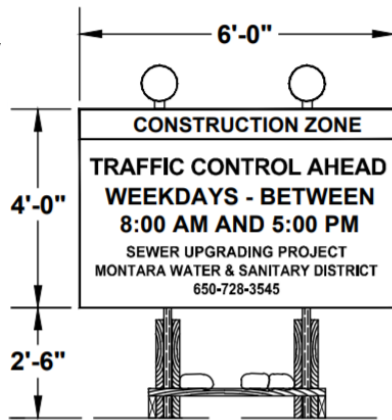

This year MWSD will spend \$1,985,272 to continue the critical maintenance and upgrading of our aging local sewer system.

Planned in accordance with the District's 7-year Capital Improvement Plan, our 2020-21 work will focus on sewer mains needing the most immediate attention. We also always include funds in our yearly budget for emergency work and 'spot' repairs (unplanned, yet necessary repairs that occur in aging pipeline systems).

Our work includes construction and rehabilitation of sanitary sewer mains primarily by pipe bursting. Pipe bursting is a less invasive and faster method of pipeline rehabilitation – requiring just two access excavations rather than digging out the entire pipeline. Once the access pits are complete, equipment threads a new pipe through the existing pipeline. The old pipe is 'burst' in place by this new pipeline during installation.

Homes and businesses **along Virginia Ave.** from Etheldore St. to Cabrillo Highway; **on Wave Ave.** between Terrace Ave. and Lancaster Blvd., and **on Harte St.** between Birch and Cedar Sts., will see sewer main – **and sewer lateral** (the private pipe connection to your building – the property owner's responsibility) – replacements. Our contractor will contact you if they need access to the sewer lateral on your property.

We will also plan to complete phase 1A of our large sewer crossing of the Cabrillo Highway and complete preparations for a second crossing phase.

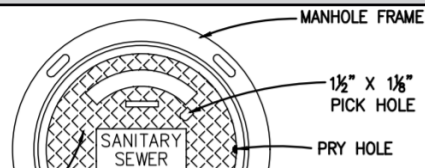

2019 Consumer Confidence Report

Your 2019 Consumer Confidence Report (CCR) is now available online at <http://mwsd.montara.org/documents/links/water-quality>.

If you would like a paper copy of the 2019 CCR mailed to you or would like to speak with someone about the report, please call (650) 728-3545.

This report contains important information about your drinking water. Please contact Montara Water and Sanitary District at 8888 Cabrillo Hwy., Montara, CA 94037 or (650) 728-3545.

Este informe contiene información muy importante sobre su agua para beber. Favor de comunicarse Montara Water and Sanitary District at 8888 Cabrillo Hwy., Montara, CA 94037 or (650) 728-3545 para asistirlo en español."

What to Expect During Construction:

At least 1 week ahead of construction:

- Posted signage at either end of work area.
- Advance notification and coordination for any driveway blockages.

During construction:

- Expected work hours: Weekdays 8AM to 5PM. No work on Saturday, Sundays or Holidays.
- No storm water pollution: No materials, erosion or sedimentation to storm drain inlets, street gutters, watercourses, creeks or ocean.

At end of work day:

- Cleaned and swept roadways and on-site paved areas.
- All streets and driveways plated and accessible.

As our community continues its recovery from COVID-19, MWSD is committed to providing safe public access via ZOOM teleconference for our regularly scheduled public meetings for the foreseeable future.

Board Meetings on the 1st and 3rd Thursday of each month at 7:30 p.m. at 8888 Cabrillo Highway, Montara.
