

**Montara Water
and Sanitary District**
Serving the Community of Montara and Moss Beach

P.O. Box 370131
8888 Cabrillo Hwy
Montara, CA 94037-0131
t: 650.728.3545 • f: 650.728.8556

To sensitively manage the natural resources entrusted to our care, to provide the people of Montara - Moss Beach with reliable, high – quality water, wastewater, and trash disposal at an equitable price, and to ensure the fiscal and environmental vitality of the district for future generations. Be open to providing other services desired by our community.

AGENDA

District Board of Directors

January 20, 2022 at 7:30 p.m.

THIS MEETING WILL BE HELD REMOTELY UNDER PARAGRAPH (1) OF SUBDIVISION (e) OF GOVERNMENT CODE SECTION 54953 DUE TO THE CURRENT PROCLAIMED STATE OF EMERGENCY. THIS MEETING WILL NOT HAVE A PHYSICAL LOCATION.

Directors, staff and the public may participate remotely via the application ZOOM:

ZOOM MEETING INFORMATION:

WEBSITE: <https://us02web.zoom.us/j/87806373464?pwd=cWZBb0I5R2sralo5ZWxtT1AvWGVsUT09>

MEETING ID: 878 0637 3464

Password: 368115

CALL IN PHONE NUMBER: +1 669 900 9128

Clemens Heldmaier is inviting you to a scheduled Zoom meeting.

INSTRUCTIONS for remote access are available at <https://support.zoom.us/hc/en-us/articles/201362193-Joining-a-Meeting>. You also may view video during the meeting via live stream or after the meeting at <https://videoplayer.telvue.com/player/wuZKb9gwEY7sMACIIsr7VSJgIB35kNZA/stream/159?fullscreen=true&showtabssearch=false&autostart=false> . If you experience technical difficulties or have technical questions prior to or during the meeting, please contact MWSD's IT support at (650) 728-7843.

Note: Public participation is not permitted during closed session discussion items.

Public Comment

In accordance with the Government Code, members of the public may address the Board on specific agenda items when the matter is announced by the Board President. Any other item of interest that is within the subject matter jurisdiction of the District may be addressed during the Oral Comments portion of the meeting. A "raise hand" button is available for every Zoom user wishing to speak and should be used to alert the President of the intent to comment.

Upon request, this Agenda and written agenda materials will be made available in appropriate alternative formats to persons with a disability. Request for a disability-related modification or accommodation in order to participate in the public meeting should be emailed to info@mwsd.net or submitted by phone at 650-728-3545 at least two days before the meeting. Requests will be granted whenever possible and resolved in favor of accessibility.

Subject to Change: Given the current public health emergency and the rapidly evolving federal, state, and local orders, the format of this meeting may be altered, or the meeting may be canceled. You may check on the status of the meeting by visiting the District's website at: <http://mwsd.montara.org> .

ADJOURNMENT

The District has a curfew of 10:30 p.m. for all meetings. The meeting may be extended for one hour by vote of the Board.

MONTARA WATER AND SANITARY DISTRICT AGENDA

For Meeting Of: **January 20, 2022**

TO: BOARD OF DIRECTORS

FROM: Clemens Heldmaier, General Manager

SUBJECT: Review and Possible Action Concerning Water System Capital Improvements Program (CIP) Implementation

The Pillar Ridge Supply Reliability Project is a multi-faceted improvement project that will ultimately provide the Pillar Ridge neighborhood and the entire District with a more reliable drinking water supply. This project was included in the District's 2021/2022 Water CIP and is currently being implemented.

Project Objective

The Pillar Ridge Supply Reliability Improvement Project aims to enhance the supply reliability, drought resiliency and operational capacity of the Pillar Ridge facilities and MWSD system through key infrastructure improvements.

Project Scope of Work

Through an assessment of Pillar Ridge operations and a condition assessment of the existing facilities, key improvement projects have been identified to increase supply reliability, facilities resilience, and operational efficiency.

The proposed Project includes the following major elements:

- **Groundwater Supply Wells' Rehabilitation:** The three (3) existing potable water wells that currently supply the Pillar Ridge system will be rehabilitated to restore the wells to their original rated capacity or better. Rehabilitation would include: camera inspection, installation of level transducer(s), installation of VFD(s), chemical cleaning, potential re-drilling, possible upgrade of pump(s), shroud(s), drop-pipe and other well head appurtenances.
- **Water Treatment Plant (WTP) Rehabilitation:** The treatment processes inside the existing treatment plant building will be updated to efficiently treat the water from the Pillar Ridge wells and maintain acceptable water quality. The treatment process will include an oxidation – filtration packaged unit to treat iron and manganese. The existing aging aeration tower and settling tank will be removed and replaced with a more efficient step to address volatile organic compounds (VOCs).

- **New infrastructure to hydraulically connect the Pillar Ridge distribution system to the MWSD distribution system:** The installation of a new booster pump station and yard piping at the Pillar Ridge WTP will complete the physical consolidation between MWSD and Pillar Ridge by allowing water from the Pillar Ridge storage tanks to feed the Schoolhouse Zone and the Schoolhouse tanks.
 - **Booster Pump Station:** The new booster pump station will include a set of two (2) 5-horsepower (hp) vertical mounted centrifugal pumps (one active and one standby) that will operate at 50 gallons per minute (gpm) at the total dynamic head (TDH) of approximately 196 feet that is required to reach the Schoolhouse tanks. The pumps will be located on a new concrete pad of approximately 12 feet by 12 feet, on the West side of the existing WTP building. A flow meter will be installed downstream of the pumps, at a proper distance based on manufacturer recommendations.
 - **Yard Piping:** The new booster pump station discharge piping will tie into the existing 4-inch main that currently allows the transfer of water coming from the Schoolhouse Zone (through the 8-inch pipe under the Airport) directly to the WTP and to the Pillar Ridge tanks¹. The existing 4-inch and 8-inch piping, which also allows water to flow directly into the Pillar Ridge distribution system, would therefore experience bi-directional flow, depending on the operating scenario (sending water from the Schoolhouse Zone to Pillar Ridge or vice versa).
 - **WTP Electrical Upgrades:** The electrical panel at the WTP is aging and needs to be replaced to accommodate the rehabilitated and upgraded facilities. The installation of a generator will provide permanent backup power and increase the resilience of the installed facilities, which are regularly subjected to planned fire prevention power outages.
 - **Existing Storage Tanks:** The two (2) existing 70,000-gallon bolted steel water storage tanks located at the WTP site will be demolished and replaced with two (2) 98,000-gallon welded steel tanks that will provide sufficient operational and fire storage for the Pillar Ridge Zone. The new tanks will occupy the same footprint as the existing tanks, with a diameter of 40 feet and a sidewall height of approximately 11 feet. The total height of the tank will depend on the detailed tank design and freeboard requirements. The configuration of the new tanks will ensure that the storage volume is fully available for use and will be compliant with latest seismic requirements. As such, the new tanks will improve the water
-

shortage resilience of the Pillar Ridge zone and increase operational flexibility for MWSD.

- **Replacement of the existing hydro-pneumatic system:** The existing 5,000-gallon horizontal hydro-pneumatic tank is aging and its replacement will ensure proper operation and adequate water pressures throughout the distribution system. The new hydro-pneumatic tank will have a similar configuration and will be located at the WTP site, where the existing hydro-pneumatic tank is currently located. The approximate footprint for the hydro-pneumatic tank is anticipated to remain unchanged.
- **Installation of access points along the supply transmission mains:** The installation of bi-directional street cleanouts at three (3) locations along the transmission mains between the groundwater supply wells and the WTP will provide key new access points to the transmission piping network. The new access points will allow for proper jet-cleaning and maintenance of the pipes, which are experiencing significant iron deposits that impact the pipe's flow capacity.

RECOMMENDATION:

GENERAL NOTES

- NOTIFY UNDERGROUND SERVICE ALERT (USA) 48 HOURS PRIOR TO ANY EXCAVATION. CALL 811.
- CONTRACTOR'S ATTENTION SHALL BE MADE TO THE TYPICAL TRENCH DETAIL.
- CONTRACTOR'S SUPERINTENDENT IS REQUIRED TO ATTEND A PRE-CONSTRUCTION WALK-THROUGH MEETING. SUPERINTENDENT IS REQUIRED TO BE ON JOB SITE DURING ALL PHASES OF THE WORK AND CONTRACTOR SHALL NOT REPLACE SUPERINTENDENT WITHOUT PRIOR WRITTEN APPROVAL OF MONTARA WATER AND SANITARY DISTRICT (MWSD). A MOBILE PHONE NUMBER AND A 24-HOUR EMERGENCY NUMBER SHALL BE PROVIDED FOR CONTRACTOR'S SUPERINTENDENT.
- CONTRACTOR SHALL BE RESPONSIBLE FOR LOCATING ALL EXISTING FACILITIES AND EXISTING UTILITIES AND POT HOLING AS NECESSARY TO CONFIRM SIZE, DEPTH, ALIGNMENT AND MATERIAL OF EXISTING FACILITIES. THE TYPES, LOCATIONS, SIZES, AND DEPTHS OF EXISTING OR PLANNED UNDERGROUND OR ABOVEGROUND UTILITIES, STRUCTURES, ROADS, PIPELINES, TOPOGRAPHY, ETC., AS SHOWN ON THESE PLANS WERE OBTAINED FROM SOURCES OF VARYING RELIABILITY. A REASONABLE EFFORT HAS BEEN MADE TO LOCATE UTILITIES AND STRUCTURES. HOWEVER, MWSD IS NOT RESPONSIBLE FOR THE COMPLETENESS OR ACCURACY OF SAID INFORMATION.
- CONTRACTOR IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE SAFETY LAWS OF ALL JURISDICTIONAL AGENCIES. CONTRACTOR IS ALSO RESPONSIBLE FOR PROJECT SITE SAFETY AND FOR PUBLIC SAFETY INCLUDING TRAFFIC CONTROL, 24 HOURS PER DAY FOR ALL DAYS FROM NOTICE TO PROCEED THROUGH THE NOTICE OF FINAL COMPLETION.
- ALL MATERIALS AND INSTALLATION OF WATER SYSTEM APPURTENANCES SHALL BE IN ACCORDANCE WITH THE STANDARDS AND SPECIFICATIONS OF MWSD AND SAN MATEO COUNTY. CONTRACTOR TO PROVIDE A MATERIALS SUBMITTAL TO MWSD FOR APPROVAL PRIOR TO BEGINNING WORK.
- CONTRACTOR IS SOLELY RESPONSIBLE FOR ALL DAMAGE TO EXISTING PROPERTY AND STRUCTURES RESULTING FROM HIS OPERATIONS DURING CONSTRUCTION AND SHALL REPLACE IN KIND OR BETTER TO THE SATISFACTION OF THE PROPERTY OWNER AND/OR MWSD PRIOR TO THE FINAL PAYMENT. THE CONTRACTOR SHALL EXERCISE CARE WHEN WORKING NEAR RETAINING WALLS AND SHALL BE RESPONSIBLE FOR RESTORING ANY WALL TIE-BACKS DISTURBED DURING EXCAVATION. ANYTHING NOT SPECIFICALLY CALLED OUT ON PLANS TO BE PROTECTED IN PLACE SHALL BE ASSUMED TO REQUIRE PROTECTION IN PLACE.
- ALL FACILITIES TO BE OWNED AND MAINTAINED BY MWSD SHALL BE INSPECTED AND APPROVED BY MWSD, INCLUDING INSPECTION AND APPROVAL OF ALL FITTINGS, PIPES, AND CONNECTIONS PRIOR TO BACKFILLING.
- IF A MAIN BREAK OCCURS WITHIN THE SCOPE OF THE PROJECT, CONTRACTOR SHALL NOTIFY MWSD IMMEDIATELY, AND SHALL BE RESPONSIBLE FOR REPAIRING THE BREAK.
- GENERAL CONSTRUCTION SEQUENCE:
 - LOCK OUT TAG OUT
 - DEMOLISH EXISTING SYSTEM AND DISPOSE OFF SITE
 - INSTALL NEW MECHANICAL PIPING AND EQUIPMENT
 - PRESSURE TEST ALL NEW PIPING
 - TEST NEW SYSTEMS
 - VENDOR STARTUP AND MWSD STAFF TRAINING
 - DEMOBLIZE
- STAGING AREA TO BE DETERMINED IN THE FIELD WITH MWSD.
- CONSTRUCTION OPERATION TO BE COORDINATED WITH MWSD, PARTICULARLY WITH RESPECT TO USE OF CRANE(S).

MONTARA WATER AND SANITARY DISTRICT AGENDA

For Meeting Of: **January 20, 2022**

TO: BOARD OF DIRECTORS

FROM: Clemens Heldmaier, General Manager

SUBJECT: Review of MWSD's Receipt of Association of California Water Agencies Joint Powers Authority President's Special Recognition Award.

The District received its six Special Recognition Award from ACWA JPIA. On January 1, 2013 the District changed Workers Compensation Insurance Providers to the Association of California Water Agencies Joint Power Insurance Authority (ACWA/JPIA). At the time the District's Workers Comp Rate was due to claims made in prior years. Since then District staff has worked closely with ACWA/JPIA staff to prevent further losses.

At the ACWA Fall Conference the JPIA recognized the District's efforts and presented the District with the "President's Special Recognition Award".

RECOMMENDATION:

This is for Board information only.

General Manager:

Each year at Fall Conference, the JPIA recognizes members that have a Loss Ratio of 20% or less in either of the Liability, Property, or Workers' Compensation programs (loss ratio = total losses / total premiums).

The members with this distinction receive the "**President's Special Recognition Award**" certificate for each Program that they qualify in.

The JPIA is extremely pleased to present Montara Water and Sanitary District (M027) with this special recognition and commends the District on the hard work in reducing claims.

Congratulations to you, your staff, Board, and District. Keep up the good work!

The JPIA wishes you the best in 2022.

Sincerely,

E.G. "Jerry" Gladbach
President

Enclosure: President's Special Recognition Award(s)
